

SUTLEY JURY IS COMPLETE

Twelfth Man Selected
This Morning and
Court Adjourns

JUROR HAS THE MUMPS

Sent to City Hospital Where
He Will Receive
Treatment.

JURY WHICH WILL TRY
QUINCY SUTLEY.

T. A. TINKLE, Madison township, farmer, St. Louisville.
C. S. McKENNA, farmer, Newton township.
FRANK POUND, farm hand, Newton township.
I. B. JONES, farmer, Kirkersville.
GEORGE ADRIAN, retired farmer, St. Louisville.
W. H. RITCHIE, construction worker, Hanover village.
S. A. WILL, station agent, Hanover.
J. O. MONTGOMERY, retired farmer, Hartford township.
JOHN ROW, farmer, Benington township.
FRANK NORMAN, farmer, Bowling Green township.
THOMAS KEYES, blacksmith, Newark.
JEREMIAH HANKS, carpenter, Newark.

Owing to the illness of Juror Geo. Adrian, a retired farmer of St. Louisville, the Quincy Sutley first degree murder case was adjourned to Friday morning until 9 o'clock Monday morning. The court ordered the sick juror removed to a hospital where he could receive the best attention possible. The court ordered that a bailiff be sent in charge of the sick man, as suggested by counsel for both the state and defense.

Dr. McClure, who was attending the man, reported when court opened Friday morning, that there was no doubt that Mr. Adrian was suffering from the mumps, in spite of his age, which is almost 65 years.

The man's fever came up Thursday night and was still evident Friday morning. The attending physician stated that he could not tell how long the juror would be incapacitated for duty but that in his opinion he should be sent home or to a hospital where he could get the attention which was impossible while the jury was segregated in hotel apartments.

When the matter of the juror's illness had been disposed of counsel for the defense asked permission from the court to put a few more questions of Venieman Jeremiah Hanks, who was passed by both sides Thursday evening and practically accepted.

Prosecutor Smythe objected to this and stated that the defense had passed the juror for cause and had no peremptory challenges left so that they could have no interest in the case.

Judge Nicholas overruled the objection and said that if the defense wanted to ask other questions they could have that privilege.

After a few preliminary questions Attorney Bolton, chief counsel for the defense, said:

"Mr. Hanks, who was it who said to you as you passed down the steps from the court room yesterday afternoon to 'stick on this jury'?"

Objections by the state's attorney were overruled and the court stated that if such a statement was made he wanted to know it.

"Such a statement was made," insisted Attorney Bolton, "and we have witnesses to prove it."

"I don't know as any one said it," was the venieman's reply.

"That's all," said the attorney and the court ordered the juror sworn thus completing the jury panel to try the Sutley case.

Attorney Bolton stated to the Advocate that he would not pursue his point in regard to Juror Hanks any further. The latter was a character witness in the Bolton trial at Mount Vernon, being called by the state to establish the good character of D. J. Baird, a state's witness.

Before adjourning court Judge Nicholas delivered the usual warning to the jury regarding their conduct during the trial of the case. He said in part:

"Gentlemen of the Jury: Each of you has been sworn as a juror in this case and your responsibilities have already begun. It is the court's responsibility to see that the members of the jury do no violence

to their oath solemnly taken to do their duty. A jury is not always fully alive to the responsibilities of their duty and it is my duty to inform you.

"The counsel for the state and defense have both passed upon your individual qualifications and they have expressed their confidence in your ability and integrity to try this case and to follow the truth as it may be presented to you.

"It is the duty of the court to protect the jury from any dangers of contamination and we all have confidence that you will abide by your oath. It becomes your duty from now until the close of the case, not to permit any one to talk to you about it. It is even improper for you to talk among yourselves of the case until you retire to your room to finally consider it. Don't forget the solemn obligation that rests upon you, at any time.

"The balance of the panel is finally discharged."

The point of law which the prosecution expected to raise this morning was passed and it was not presented to the court. Bailiff Legge adjourned the case until Monday morning at 9 o'clock.

THURSDAY AFTERNOON

D. J. Roberts, Newark township, meat cutter. Not opposed to capital punishment; no opinion. Passed for cause. Examined by James for defense. Was former member of fire department; indictment left no opinion as to guilt of those indicted. Signed petition for election contributed no money. Excused on defense's peremptory challenge.

Harvey Lawyer, Newark township, farmer. Not opposed to capital punishment; return of indictment against defendants raised presumption in his mind that those indicted must have had some connection; had no opinion against Quincy Sutley as an individual. Excused.

J. H. Orr, Newark township, township trustee, claimed exemption from jury duty as a public official. Excused.

W. D. Swisher, Newark township, farmer. Not opposed to capital punishment; no opinion. Passed by state. Examined by James for defense. Thought those indicted were guilty of something or they wouldn't have been indicted. Would require evidence to remove this opinion. Signed div. petition. Challenged Overruled. After further questions by court and counsel the challenge was sustained. Venieman excused.

Robert Musselman, Newark township, farmer. Not opposed to capital punishment; no opinion. Passed by James for defense, thought those indicted were guilty; did not think the defendant could prove his innocence to his (Musselman's) satisfaction. Signed petition for local option election. Excused.

M. D. Hartshorn, Newark township, farmer. Not opposed to capital punishment; no opinion. Smythe & Smythe are attorneys against Mr. Hartshorn in a case now on trial in the Circuit court. Passed for cause by state. Examined by Bolton for defense. Read of trouble and ensuing trials but formed no opinion. Signed the petition. Attitude on wet and dry question would not prejudice venieman. Defense challenged because of venieman's connection in law suit in which Smythe & Smythe were attorneys against him. Overruled. Excused peremptorily by defense.

T. D. Owens, Sharon Valley, farmer. No opposition to capital punishment. No opinion. Passed by state. By James for defense. Had opinion formed from what he read of trials. Signed the petition for a local option election. Challenged Overruled. Challenged peremptorily. This was the sixteenth and last peremptory challenge for the defense.

Silas Bonham, Newark City, wood worker. Not opposed to capital punishment; no opinion. Passed by state for cause. By James for defense. Had opinion from what he heard and read as to guilt or innocence of defendants. Would require evidence to remove the opinion. Challenged. Questioned by court. No opinion regarding this particular defendant. Challenge sustained. Excused.

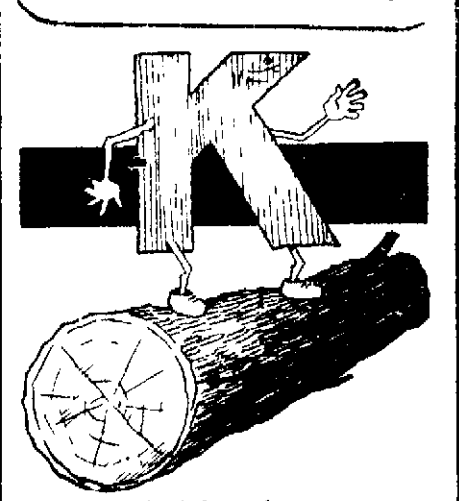

Adam Weiss, Oakwood Avenue, Newark City, teamster. Opposed to capital punishment. Excused.

B. C. Still, Newark City, asked to be excused owing to the serious illness of his brother in Richland county of pneumonia. Excused.

C. B. Keller, dentist, Newark City. Opposed to capital punishment. Excused.

WHAT IS IT?

Answer to Thursday's puzzle—Cane.

UTILITIES BILL UP IN THE SENATE

Hot Contest Over Amendments
Reported Out
from Committee

WHICH ARE ADOPTED

Bill Up for Final Vote on Tuesday

---Progressive Legislation
in Prospect in House.

Columbus, May 5.—Unless there is a great and decisive change the Public Utilities Commission bill, numerous and radically amended by the senate, will be passed by that body next Tuesday.

Thursday, after a long, tense and acrimonious fight, in which Lieutenant Governor Hugh Nichols was overruled, the long queue of amendments prepared in executive session by a special subcommittee, were forced into the measure as a whole. By this action further amendment was prevented.

President Pro Tem. William Green and Senator John Stockwell, of Cleveland, were armed with a number of proposed changes and fought desperately for the opportunity to offer them. They were met by a stolid and determined opposition, which had evidently reached an agreement to stand by the amendments.

There were charges and recriminations on both sides, the apologist for the bill, Senator John Todd, of Franklin, vehemently asserting that the opposition was imbued with the desire to kill the bill and thus aid the corporations. This was repelled and the insinuations flung back that Senator Todd had but little license to make such an assertion, an innuendo well understood. The opposition was aiming its fire at the sections of the new bill permitting rates for public services to be based upon the capitalized value of the corporations instead of their physical value plus cash investments; restraining the forming of new companies and the granting of new franchises without a certificate of public necessity from the Public Utilities Commission and the alleged taking away from the municipalities of the right of home rule in the making of franchises.

With the announcement of the adoption of the amendments came the statement from a number of Republican and Democratic leaders in the house that they would be fought when the bill was returned to that body for concurrence in the changes and a committee of conference would be demanded.

The senate had a big fight over the question whether the committee amendments should be voted on as a whole or on each one separately.

The senators who voted to consider the amendments singly were: Bader, Johnson and Kuhl, of Hamilton county; Dittmer, of Henry; Finkefrock, of Marion; Frazier, of Richland; Gray, of Holmes; Haas, of Delaware; Keller, of Lucas; MacDonald, of Ashtabula; Purinton, of Columbiana; Reynolds, Krause and Stockwell, of Cuyahoga; Shaffer, of Paulding, and Tod, of Mahoning.

Those who voted for a consideration of the amendments as a whole were: Andrews, of Lawrence; Cetone, of Montgomery; Huffman, of Butler; Cahill, of Preble; Crawford, of Carroll; Dean, of Sandusky; Deaton, of Champaign; and Deaton, of Lucas; Dore, of Seneca; Foster, of Highland; Holdren, of Fayette; Hudson, of Scioto; McGuire, of Tuscarawas; McKee, of Noble; Todd, of Franklin; Watkins, of Licking and Young, of Darke.—18

Senator Yount
Makes Reply to
Wayne B. Wheeler

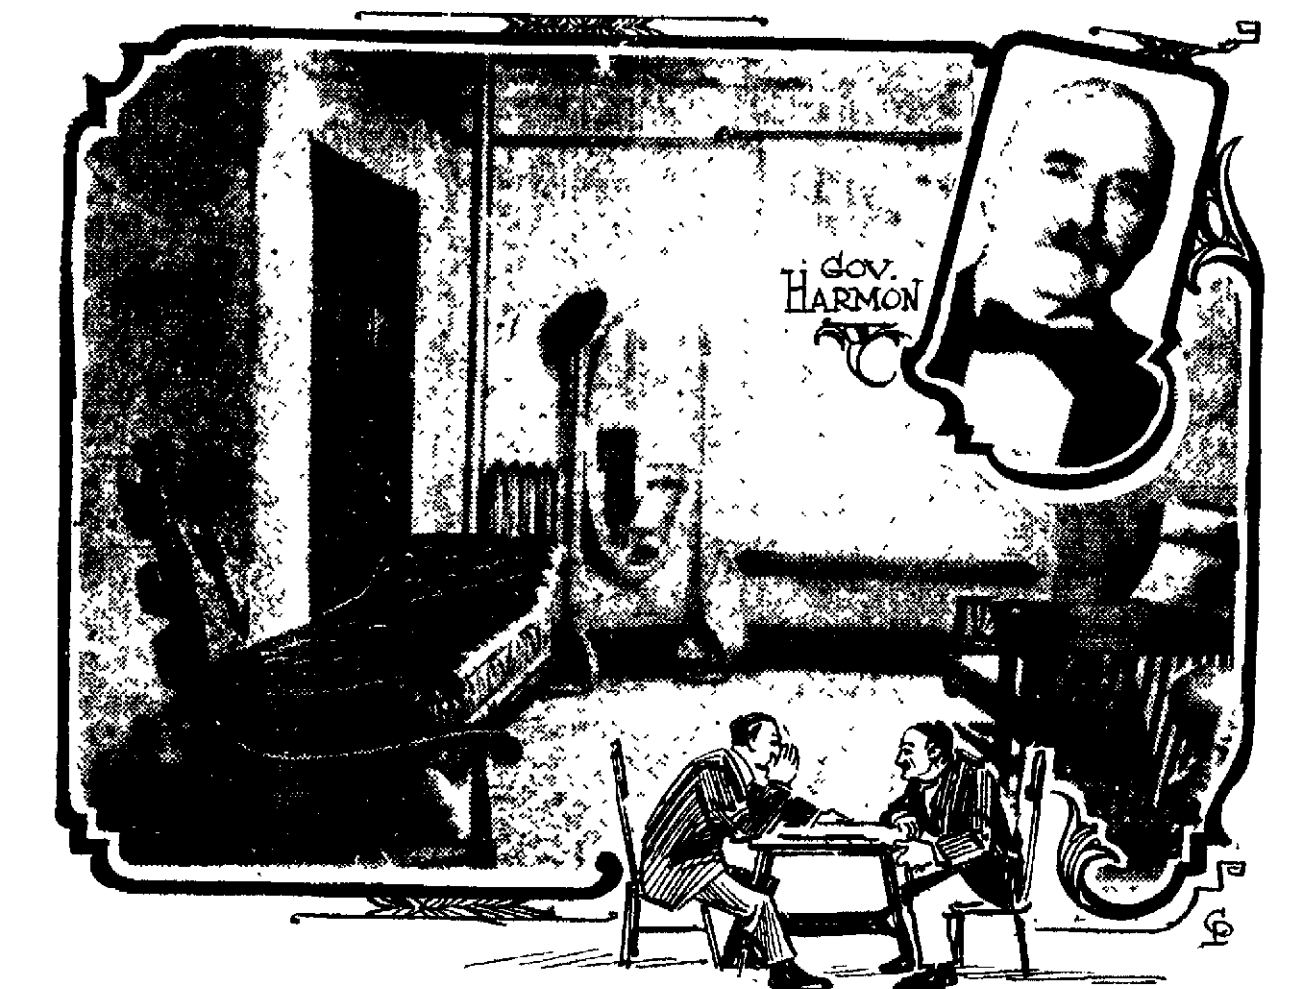

Columbus, May 5.—Senator H. L. Yount, of Darke county, made this statement yesterday regarding his controversy with Superintendent Wayne B. Wheeler, of the Anti-Saloon League, which has caused a considerable sensation.

"In reply to the request of Wayne B. Wheeler, to name the party who made the remark that my school book bill had passed the senate, but had not yet passed the house I wish to state that at least two reputable citizens heard his man Friday, Rev. Mr. Fisher, who has been in the lobby practically all the time during the last three sessions, make this remark.

"Two years ago I offered to donate \$500 to Mr. Wheeler's cause if he would produce his books and show the good people of the state how much money he received, where

HERE'S HOTEL ROOM WHERE BURNS DETECTIVES TRAPPED OHIO
LEGISLATORS AND TOOK DOWN BRIBERY TALK BY DICTAPHONE

Here is the room in the Chittenden Hotel, Columbus, where Burns detectives trapped a score of Ohio legislators with offers of bribes. The dictaphone which recorded the conversation was hidden under the couch. Governor Harmon insists that the legislature remain in session until the investigation is finished.

PEACE OF MEXICO DEPENDS ENTIRELY ON PRES. DIAZ

El Paso, May 5.—The peace of Mexico depends absolutely on President Diaz as the result of a demand made through peace Commissioner Darabala that Diaz guarantee his abdication. He has forwarded the demands to Mexico City. It includes the immediate retirement of Vice President Corral and the elevation of De La Brea to the presidency pending an election.

Diaz is reported willing to retire in six months, but the rebels refuse to wait. There is a movement on foot to incorporate the 4000 rebels under Madero into the mounted rurales forces of Northern Mexico. It is believed by rebel leaders that this force of hardened campaigners can control the situation if peace is declared.

Mexico City, May 5.—Conditions here are so desperate that the foreign colony is taking steps to organize for self-protection. The French club formulated a plan to arm all foreigners to "protect life and property" if the garrison is retired from the city. Reports from all over to Consul Wilson tell of anti-American feeling and this is troubling American officials who believe that even in the event of peace demonstrations against Americans.

Eagle Pass, Texas, May 5.—One hundred and fifteen federalists and thirty rebels were killed in a battle at Muquitz late yesterday when an entire federal command was wiped out according to dispatches arriving here today.

Washington, May 5.—The state department today issued the following "Ambassador Wilson at Mexico City telegraphs that the anxiety and alarm among the American and foreign elements of the city seems to be increasing. He states that this is partly due to fear of the failure of the peace negotiations and a consequent prevalence of anarchy."

CAMORRISTS

Find Way to Haggle Informer Abbatomaggio and He Ties Into a Rage.

Viterbo, Italy, May 5.—Because the Camorrist prisoners goaded him to frenzy by casting slurs on his wife the informer Abbatomaggio, begged the court to recess the trial. Physicians finally calmed him and the trial went on. This new method of haggling was discovered by accident when a Camorrist made some slighting remark about Mrs. Abbatomaggio. The informer flew into an uncontrollable rage and it was feared epilepsy was threatened.

WHEELER MAY BE PRINCETON HEAD

Princeton, N. J., May 5.—For many years the Wheeler people in the University of California have been interested in the Princeton University.

BENJAMIN J. WHEELER

CARNEGIE GETS A GOLD MEDAL

Washington, May 5.—A great gold medal bearing his likeness and the inscription "Benefactor of Humanity" was today presented to Andrew Carnegie by the Pan American conference. President Taft and others spoke in praise of his philanthropy.

DIETZ SCORES

Forces Deputy to Admit That He Might Have Fired Shot Which Killed Oscar Harp.

Maywood, Wis., May 5.—Apparently unconscious of the big points he had scored and neglecting to impress it upon Judge of Jury John Dietz today forced Deputy Sheriff Roy Van Alstyne to admit that he might have fired the shot which killed Oscar Harp for whose murder Dietz is on trial. "This point may be Dietz and his wife and son, but he cunningly passed it up after it had been made. His daughter clapped her hands when the admission was forced from the deputy thus attracting attention to the point scored."

The prosecutor later tried in vain to shake Van Alstyne's story. The deputy practically admitted that he and Dietz had exchanged shots while Harp's head was in the direct line of fire.

KANSAS WOMAN MAYOR HAS CLASH WITH CITY COUNCIL

Honolulu, Kas., May 5.—Mrs. Della Wilson, mayor of this city, has demanded that Governor Stubbs remove the five councilmen of this city because they have refused to confirm her appointment of women to the job of police clerk and city clerk. The men do not see removal but admit the battle will be bitter.

Mrs. Wilson has procured possession of the council books and no business can be transacted without them. She refused to release them until the council bows to her wishes.

Mrs. Rose Osborne, appointed police clerk is furious because one of the councilmen, who is a railroad agent will not tell her who receives liquor shipped into the town.

INDICTED MEN PLEAD NOT GUILTY

Preliminary Hearing for
Legislators Charged
With Bribery

ALL THE CROOKEDNESS

Will be Traced and Arrest of Men
Behind Bribe Givers
Will Follow.

Columbus, May 5.—Senators Huffman, Cetone and Andrews and Sergeant-at-Arms of the Senate Deigel, appeared in person in criminal court this afternoon and pleaded not guilty to charges of boodling after the waving of the reading of the indictments.

Representatives Nye and Lowry also indicted for boodling, appeared an hour later and pleaded not guilty. They said they had misunderstood the hour.

Attorney Deutcher objected to having the cases set for week after next but Judge Kincaid ruled that this was up to the prosecutor. The developments of the last twenty-four hours prove that the detectives have been constantly watching the bribe-givers and the men behind them who gave up the money, and it is rumored some of these unwillingly talked into the dictograph. It is also stated that several dictographs were in use here instead of only one.

The grand jury is not limiting its inquiry to any certain bills but is carefully covering the whole legislative field for traces of crookedness. Many observant persons state they expect indictments of bribe-givers soon after the grand jury reconvenes next week.

When the grand jury meets next Monday to resume the graft probe one of the sensational features of its report will probably be a perjury indictment. Prosecutor Turner is authority for the statement that some of the witnesses who have testified have apparently committed perjury. The identity of these parties is a secret, but Turner intimates that surprises are coming.

He admits the probe has been handicapped by the reluctance of several witnesses to testify and this resulted in a diagnet investigation which opened up several new leads. Burns detectives are now running down these clues.

Columbus, May 5.—Strong rumors are abroad in the Capital that the state is soon to receive the benefit of a confession that will clear up all doubt as to some of the charges that are resting against suspected members of the General Assembly.

Information is to be divulged, which will strengthen and broaden the evidence already in the hands of Prosecuting Attorney Turner.

It is said that the grand jury has recessed in order to permit Prosecutor Turner to take a rest. For the past six days he has been under a constant strain and has had but little leisure even for sleeping purposes.

The fact that he came to the court house last night would seem to indicate that perhaps this is not the real reason. The reason is that time is needed to dissect and analyze a great mass of written evidence which has been accumulating in his office and to arrange it to meet the new situations that have been arising since the premature explosion occasioned by the arrest of the three Burns detectives.

One of the important facts that came to light is that Mr. Turner has been receiving a large number of anonymous letters giving names, amounts and dates of transactions and the parties thereto that fit into incomplete cases which he is considering. They come from people, evidently, who have a intimate knowledge of what has been occurring in the legislative halls. I who are not sufficiently courageous to come forward in person and assume the burden of open support.

In addition he is being supplied with the names of persons who, when matters seemed hopeless, bitterly complained of the brazen manner in which they were "held up." They will be asked to repeat those statements in the interest of the forwarding of justice.

It is expected that Dr. Nye of Pike, will be the first to face a jury. As speedily as possible these cases, which are worked into presentable shape, will follow. The indications are that the grand jury will be sitting concurrently with the trial of these defendants.

The reason for this is that Prosecutor Turner and Attorney General Hogan are satisfied that they have only scratched the surface of the reprehensible conditions and that it will require a long time to get to the bottom.

Detroit, May 5.—Two men and one woman lost their lives today when the steamer Clemens and a fishing boat collided in the Detroit river near here. The fishing boat sank in 10 minutes and the Clemens was forced to turn stream badly damaged.

SHEPARDSON CARNIVAL TO OCCUR SATURDAY

Excellent Program Has Been Prepared for Annual Event—News of Granville and Vicinity.

Granville, May 5.—The annual Shepardson Carnival will be held on the campus on Saturday, May 27, commencing at two o'clock. Great arrangements are being made for the carnival this year, and a program of events that has never been excelled following are the order of events: Music, by Mr. Ashton's orchestra; grand march of the participants from the gym; tennis singles; tennis doubles; prep Irish lilt; archery contest; freshman hoop dance; Junior Japanese dance; Soph Maypole dance; Senior hoop race; awarding of numerals, letters, prizes, grand march. Men from Denison assisting: W. Huffman, master of ceremonies; H. H. Deibel, hoop race; A. Conley, tennis singles; A. Adams, tennis doubles; E. Babb, watch lines; W. Coe, May-pole; committee, Rachel Jones, Marjorie Holden, Miss Bennett, Ruth Deardorff, Olive Jenkins, Harriet Haggard, Marie Hattersly, chairman.

Mrs. G. A. Pritchard, a well known and highly esteemed woman, living southeast of Granville, was joyfully surprised at her home on Thursday evening, when about thirty of her friends called on her. The event marked her birthday anniversary and the guests took this means to kindly remind her of the celebration. The evening was most happily spent in games, conversation, music and in the discussion of a fine supper, the guests furnishing the refreshment, surprising Mrs. Pritchard still further this way. All join in wishing Mrs. Pritchard more birthdays and continued prosperity and happiness.

Those having the matter in charge have made the most complete arrangements for the entertainment of the alumni and former students of Denison university at the coming commencement that have ever been made. Headquarters for the alumni will be established in the center of the town, probably in one of the churches, which will be open from Monday until after the commencement, with some one in charge at all times. A register will be kept for the names and addresses of all who attend, and buttons and badges of the colors of the school each one attended, will be furnished. Reunions in classes and in groups and schools will be provided for, and it is expected that the procession from the hill and Shepardson campus on commencement morning will be the longest Granville has ever witnessed.

While there was another frost Thursday night, many are inclined to believe that the fruit is still safe. Some claim to have made a thorough examination of the fruit buds and say that for the most part they are still in a perfect state.

Mrs. George Conrad has been quite sick at her home on Granger street for a few days.

IN SOCIAL CIRCLES

The South-east District of the Federated club women of this state will hold a convention at Zanesville Saturday at 2 o'clock.

The federated club women of Newark are to be at the Interurban station so as to take the 8-40 car.

Sunday at the country home of Mr. and Mrs. Thomas Whitford of Vanatta Station occurred a very enjoyable affair, it being the twenty-third birthday anniversary of Mr. Hubert E. Whitford. A sumptuous dinner was served to about thirty of his friends and relatives.

Those who helped celebrate the day were Mr. and Mrs. Thomas Whitford and Mr. Stanley Whitford, Mrs. Abigail Arnold of the home, Mr. and Mrs. Thomas Arnold of Sunny Side, Mr. and Mrs. Frank Westbrook of Newark, Mr. and Mrs. H. D. Whitford and son of Newark, Mr. and Mrs. Alva Denman and children of Newark, Mr. and Mrs. H. L. Whitford of Keno, Wis., Mr. and Mrs. Virgil Anderson of Newark, Mr. and Mrs. M. J. and daughter Bessie of Newark, Messrs. Molly and Elizabeth Devine of Newark.

Mrs. Charles Root most delightfully entertained the Art Embroidery club at her home in Eleventh street on Wednesday afternoon. The home was spent with the needlework and a dainty lunch was served to the following members and guests: Mrs. G. McLaughlin, Mrs. Clifford Roney, Mrs. George Manner, Mrs. Henry Rheinhart, Mrs. Fred Parks, Mrs. Fred Luffoff, Mrs. George Glaussinger, Mr. Milton Dowd, Mrs. Elmer Holler, Mrs. Howard Woodward, Mrs. Charles Giff. The guests of the club were Mrs. John Lapham, Mrs. Ben McVey, Mrs. Ray Berger, Mrs. James McGough, Mrs. Walter Walker, Mrs. Jacob Beckover, Mrs. Burton Jones.

Mrs. Fred Imhoff will entertain at her home in Maple avenue, May 17.

Miss Grace Young will be maid of honor at the wedding of her sister, Miss Bertha Young, and Mr. Groves Montgomery of Newark, May 16, in Broad Street Presbyterian church in Columbus. The sister of the bridegroom-to-be, Miss Florence Montgomery of Newark, Miss Mary Owen of Newark, Miss Gladys Mayfield of Middlebourne, W. Va., and Miss Trude Wooster of Toledo will be bridesmaids. Messrs. George Hirschberger and Sinks of Newark and Mr. Flay Shier of Cleveland and Mr. Harold Young brother of the bride-to-be, will be ushers. Mr. Clyde Irwin of Newark will be best man.

Mrs. C. D. Coons of Granville honored her guest, Mrs. Thad W. Ashlev, at an informal reception on Thursday afternoon, entertaining in the Sigma Delta Phi house. The rooms of the society house were prettily arranged with violets and as Miss Dorothy Swartz admitted the guests they were greeted by Mrs. Coons and Mrs. Ashlev.

Assisting throughout the various rooms were Mrs. J. R. Huntley, Mrs. W. E. Ullman, Mrs. P. G. Fields, Mrs. M. G. Street, Mrs. H. H. Johnson, and Mrs. C. J. Rhodes. Light refreshments were served in the dining room the aids to the hostess, they being Miss Lois Smith, Miss Robert Whirley, Miss Edwyl Redding, Mrs. Olive Jenkins, Miss Edna Brannon and Miss Rachel Jones.

Among the number of guests who called were about twenty young women from Newark.

A few of the friends of Mrs. Eliza Symons will be entertained by her this evening at her new home in East Church street the event really being in the nature of a house warming. The guests will be served at dinner at five o'clock.

MANY PRIZES CAPTURED BY NEWARKITES

Local Exhibitors at Bench Show of Dogs Clean Up in Several Classes—Good Crowds Attend.

The crowds attending the dog show given under the auspices of the Newark Kennel club are highly gratifying to the management. Yesterday was really the first day the show was open to the public and more than 1,500 admissions were recorded. Every one of those who attended were loud in their praise of the exhibition. Many children were among the number and the little ones were highly entertained by the many pretty pets shown by the proud owners.

Last night the judging was started. All the field dogs in the show were scored and the Newark exhibits were prominent among the winners.

This feature of the show attracted large crowds. The work of scoring the pretty canines was conducted by A. E. Heckwait of Dayton and Dr. D. M. Smith of this city. The latter scored the man trailing blood hounds.

The judging platform is elevated and in full sight of all spectators. It is one of the most interesting features of the show. All the dogs are at their best when brought before the judge and the handlers in charge lose no opportunity to display their charges to the best advantage while the judges are considering their qualifications.

There is a pleasing exhibition of pet stock, birds, parrots, pigeons, rabbits, guinea pigs, etc., this being the exhibit which attracts and pleases the children the most.

The scoring of the dogs will continue today and tonight and will probably be finished up sometime Saturday.

Newark exhibitors were especially fortunate in the awards for field entries and many carried off prizes.

Greyhounds—James S. Stone, first and third.

Foxhounds—Dr. Priest, first.

Pointers—Novice class, Joe Wheeler, (Fred King), first; Bird Kirk (Edward Browne), second. These dogs received the same prizes in the limit class.

Pointers—Open class, Joe Wheeler, first; Bird Kirk, second in local.

Setters—Dr. Corkwell, first; Gladstone (L. P. Franklin), third.

English Setters—Limit class, Dan Stone Core, Dr. Corkwell, first; Jerry Baker, fourth.

English Setters—Open, Dr. Corkwell, third; Baker, fourth.

Winner's Class—Dr. Corkwell's dog Dan Stone Core took the reserve winner prize.

English Setters—Novice, female, Sports Nellie (E. W. Heisey), second; Ben Hur, (Dr. Corkwell) third.

English Setter—Limit, Sports Nellie (E. W. Heisey) first; Ben Hur, (Dr. Corkwell) second.

English Setters—Open, E. W. Heisey, third.

English Setters—Local, E. W. Heisey first; Dr. Corkwell, second.

FEET SO SORE

COULDN'T WALK

DOWN STAIRS

TIZ Cured Her Quick.

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, callouses or bunions, read what happened to Mrs. Crockett of Jeffersonville. TIZ cured her.

"After the second treatment she walked down stairs with one foot at a time. She has not been able to walk down stairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made that acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct, if you wish, from Walter Luther Dodge & Co., Dodge Building, Chicago, Ill.

ADVICE

TO WOMEN

Women suffering from any form of illness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

(Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

SUTLEY TRIAL

(Continued from Page 1.)

Thomas Keys, Newark City, blacksmith. Not opposed to capital punishment; no opinion. Has defective hearing. Mr. Miller tested the witness's hearing with a few questions and decided the defect did not disqualify him. By Mr. James for defense. Had formed opinion from evidence in other trials, but not regarding Sutley and has no opinion regarding his guilt or innocence. Signed petition for wet and dry election. Was challenged for cause and after questioned by the court, the challenge was overruled and Mr. Keys was selected as the eleventh juror.
Jeremiah Hanks, Newark City, carpenter. No opposition to capital punishment; no opinion. Passed by State for cause. By Bolton for defense. Had formed no opinion of what he read of the trials. Was witness in Bolton case at Mt. Vernon. Signed dry petition. This act would not weigh against defendant where a life was in jeopardy. Passed for cause by defense and peremptory. Challenge by the state was temporarily passed until the morning session when they desired to raise a point of law, not in the presence of the jury. Court was adjourned until 9 a. m. Friday.

UNCLE WALT
The Poet Philosopher.

Pur seven dollars (\$7) in the bank as soon as you can do it; prepare for seasons lean and tank, and you will never rue it. I used to blow my wages in as fast as I could earn them; whenever I had some seeds of this, I made a rush to burn them. I bought all kinds of raiment, gay, and shining ties, and collars, and then one happy, fateful day, I pickled seven dollars (\$7). I put those roubles down in brine—an impulse led to it. And now just take this hunch of mine: Go thou likewise and do it. Those seven bones soon called for more, and ere-soon I had twenty, each week I put in three or four and soon I'll roll in plenty. Since I began this banking graft, my self respect increases. I feel that I'm as high as Taff, and just as slick as grease is. I am the young man unafraid, the youth with glad kyoodle; the whole town wants to get my trade, because I have the boodle. I do not fear the rainy day whereon the broke man hollers; so take my plan—go right away and salt down seven dollars (\$7).

AN OUT OF THE ORDINARY SAFE AND PROFITABLE INVESTMENT

"We say 'out of the ordinary' because rarely is as sure and profitable an investment offered to the small investor. A 7% non-taxable investment, with the property behind it, that is behind this proposition, is usually sought and readily snapped up by large investors.

But—as the money to be raised by these means is to be used for the greater development of our present prosperous business, which we have brought to its present standard, (and do not desire to relinquish our control) we have decided that we would rather have the prestige of a great number of small holders, thereby securing their support and encouragement, in addition to their money, than to have the authorized stock and bond issue in a few hands.

The business is the manufacture of electric cranes and hoists—the modern carrying machinery, demanded of the mechanical engineers by the manufacturers and users of all heavy materials for handling weights of from one to one hundred and fifty tons.

We have a large plant now in full operation, within ten minutes of the heart of the city, established in 1880, located on the Pennsylvania and B. & O. R. R., and are supplying such Companies as the United States Steel Corporation (Gary, Indiana, plant), the General Electric Co., the Republic Iron & Steel Co., Youngstown, Ohio, the Pennsylvania R. R., the New York Central R. R., and hundreds of others. One Case Crane, operated by one man, loads on or unloads from cars or vessels any piece of machinery or other heavy weight, in a few minutes.

The securities offered, are a limited amount of 7% First Mortgage 20-year Gold Bonds, in denominations of \$500.00, and a limited amount of 7% Cumulative Preferred Stock, non-taxable, and in shares of \$100.00 each, with interest and dividends payable quarterly.

This is a safe investment.
First, because the assets of the Company are more than double the authorized bond issue.

Second, because the Company is doing a large, profitable and increasing business.

Third, because the profits from the sale of repair parts alone, are sufficient to pay the interest on the authorized bond issue.

Fourth, because the business of the Company has never been affected by business depressions.

Fifth, because the demand for electric cranes, manufactured by this Company, is increasing daily.

Write The Case Crane Company, Columbus, Ohio for any additional information you may want.

INDICTED MEN PLEAD

(Continued From Page 1.)

Evidences have been found of the organization of associations for the promotion and defeat of legislation which are state-wide in their character. Most of the organizations had war chests filled by assessments and contributions and the amounts so raised are out of all proportion to a necessity caused by legitimate expenses.

The intimate knowledge of the publicity gained by the Burns detectives reveals the interesting fact that others were working on the same lines as themselves but in deadly earnest.
There is a free-masonry in the lobby and its members exchange confidence much as merchants on Boards of Trade discuss the state of the market and the prices of commodities. The fact that the state is going to probe these associations gave rise to the rumor that campaign contributions were to be inquired into. Summons have already been issued to a number of officials of these organizations and most of them will face a very unpleasant quarter of an hour when the grand jury begins its questioning. Attorney General Hogan has come across the fact that a certain member of the Assembly had all of his campaign expenses paid by a certain interested corporation and it is his intention that this matter shall also be probed.
Prosecutor Turner had interviews with a number of members of the General Assembly, who have not been served with grand jury summons. They were requested to wait upon him at his office at the courthouse where they were questioned.

tioned not to make public the matter inquired into. Still, it is known that valuable information was furnished most of it voluntarily. The fact that certain suspected members acted as lobbyists with their colleagues is at the bottom of this line of inquiry.
At yesterday's session of the grand jury W. R. Hopkins of the Cleveland Underground Transit company and former Representative Carl Shuler, the attorney for that company, and its legislative agent were quizzed upon matters relating to the subway bill, concerning which there have been many stories.

Harry Wilson, a politician of Cleveland, who represents the Cleveland Illuminating company which is fighting the bill, was also brought in. Morton Laundon of Cleveland, secretary to former Governor Myron T. Herrick, spent an hour in the room.

From Columbus there were examined Franklin Rubrecht, an attorney, Robert S. Wolf, editor of the Ohio State Journal; Alfred Crouse, a legislative correspondent in the Senate; Opha Moore, secretary of the Ohio Manufacturers' Association, and Archie H. Huston of the Ohio Automobile Association. Chairman William T. Smith, of Marion, the head of the House Taxation committee, and Representative Owen J. Evans of Stark, a member of the defunct "Steering" committee, were among those examined by the prosecuting attorney, each spending but a few minutes in conference with him. After the day was over the prosecuting attorney was asked concerning the progress that had been made.

"We have merely scratched the surface," he declared.
"Why, we have just commenced," he continued. "The indictments in the partial report returned were simply in response to the public demand to know what was going on; whether there was really anything in this investigation beyond vague rumors and accusations."

"Can you estimate how many indictments will be returned?" the Prosecutor was asked.

"I couldn't if I would," was his reply.

Prosecutor Turner made special reference to the indictments returned against Dr. George B. Nye of Pike county, whose arrest of the Burns sleuths brought matters to a climax.

"We wanted to show that we knew more about the bribery reports than what was advanced by the detectives," he declared. "In pursuance of this design, Nye was indicted for alleged solicitation of the detectives and was also handed a few for good measure, which it is said came as a surprise."

The effects of the explosion are still discernable in the legislative halls and but little else is discussed than the stories of the indictments and those that are to come. In the debate over the public utilities commission bill in the Senate, the demoralized condition of the Assembly was several times referred to and one Senator, Deaton, of Champaign, referred to the fact that he understood that he was under suspicion.

Others warned their colleagues of the bad impression that would follow the hasty enactment of the measure, citing the inflamed condition of the public mind. The indicted members with the exception of Dr. Nye, were in their seats most of the day. Before the session, Dr. Lowry, of Ironton, had a conference with Speaker Vining in his private office and Senator Cetone of Dayton, spent some time in earnest talk with Lieutenant Governor Nichols.

The chaplains of the day made reference to the exposures, Rev. W. E. Reibel, in the House, praying that the members should be "filled with great disgust for all evil and dishonest things," and Rev. L. C. Maddox, in the Senate, praying for heavenly guidance to "Keep us from the temptation that snare us."

Daddy's Bedtime Story — How the Dinner Was Paid For

"DADDY," said Jack one evening before dinner, "I'm very hungry."

Daddy laughed. "Seems to me you're always hungry, son," he said. "But I don't think you get quite as hungry as a man I heard about the other day. I think it would make a good bedtime story to tell you this evening."

So after dinner daddy told Jack and Evelyn the story of the man who was so hungry. "It happened in Paris some years ago," began daddy. "This man was a poor man, and one day he had had not much to eat. When evening came he was very hungry, you may be sure. But he had very little money and no place to go, so he just wandered around the streets wondering where his dinner was to come from."

"After a time he stopped and leaned against a big building to rest. In the building there was a restaurant the owner of which was a very stingy man. While the poor man leaned against the building all at once he smelled something that made him still hungrier. It was the odor of a good dinner. The odor was coming up through an iron grating, for the kitchen of the restaurant was in the basement of the house."

"Ah," said the poor man, "that smells fine!" And he stood there enjoying the odor."

"I don't think it filled him," said Evelyn.

"It did not," said daddy, "but he enjoyed it just the same. After a time the owner of the restaurant came and noticed the man sniffing at the air."

"Here, here," he said. "This will not do at all. You must pay me for smelling my good dinner."

"What," said the poor man, "pay you money just for smelling your dinner?"

"Yes," said the stingy man, "or else I will have you arrested."

"But it does not cost you anything to have me smell the dinner," was the poor man's answer.

"That makes no difference," said the other man. "Pay up or be arrested."

"The poor man had in his pocket only a few cents, not enough to pay for anything to eat. And, anyway, he wasn't going to pay the mean restaurant keeper just for smelling the odor of the soup and roast and vegetables which came up through the grating."

"So he just put his hand into his trousers pocket, where he had his few cents, jingled the coins a few times and said:

"There! To pay for the odor of your dinner you may have the jingle of my money."

HAIR REMOVERS ARE DANGEROUS

Physicians Say: "Don't Use Poisonous Depilatories."

The extravagant claims recently made by unscrupulous manufacturers of hair removers in sensational advertisements unquestionably justify physicians in cautioning the public against the use of this class of depilatories. How many people have been enticed into using these dangerous preparations, with consequent injury to themselves, cannot be estimated, but only guessed at.

The preparations above referred to are invariably in the form of creamy pastes, which are to be spread upon the skin to remain until they dry. These contain Sulphide of Barium, an insoluble chemical which cannot be dissolved; therefore cannot be absorbed by the skin. The very fact that you are told to leave these pasty compounds on the skin until they dry and cake and then lift off with a knife is proof positive that they are not absorbed. If they are, why do they still remain on the skin? The most they can possibly do is to remove the surface hair, which in consequence will reappear stronger and thicker after each removal.

There is only one logical and scientific way to remove hair, and that is by means of a liquid containing soluble ingredients which can be absorbed by the skin. De Miracle, known all the world over as the only real superfluous hair remover, is just such a preparation. It is easily and quickly absorbed and after you have used it you will note there is nothing left on the skin. It leaves the skin free from irritation, and what is more to the point, it is absolutely non-poisonous; therefore, it will not produce eczema or blood poisoning. Remember, no matter what claims are made to the contrary, no poisonous, pasty compound or so-called "liquid cure" ever did or ever will kill a single hair root, and we can prove it.

Beware of the fake free advertisements and others who by wording of their advertisements, try to give the impression that newspapers and other reputable publications endorse their worthless preparations. Don't be deceived by them. De Miracle is the only preparation which is so endorsed.

De Miracle is sold at all good stores, including T. J. Evans' drug store.

No honest dealer will offer you a substitute on which he makes more profit.

We will send you a 52-page booklet containing full information concerning this remarkable treatment, as well as testimonials of prominent physicians, surgeons, dermatologists, medical journals and the principal magazines and newspapers. You should read this booklet before you try anything. Write to the De Miracle Chemical Co., Dept. R-11, 1905 Park Ave., New York, simply saying you want this booklet, and it will be mailed, sealed, at once.

Note—All readers of this paper who are afflicted with superfluous hair growths are strongly advised to write for information concerning this wonderful method, which is endorsed by the World over by eminent authorities, who have made a lifelong study of this subject.

Carnations given away all day tomorrow at the Citizens 5, 10 and 25c Store, in the Arcade.

Notice to Contractors.

Newark, Ohio, April 15, 1911. The County Commissioners of Licking County, Ohio, will receive sealed bids at their office in the Court House at Newark, Ohio, until 1 o'clock P. M. May 10th, 1911, for furnishing the material and performing the labor necessary for the construction of the following bridges:

Courtier Bridge: 50 ft. span reinforced concrete arch, over the south fork of the Licking River, near Amos Courtier's in Lima Twp.

Hillman Bridge: 35 ft. span reinforced concrete arch, over Dutch Fork, near T. B. Hillman's, in Licking Twp.

Richardson Bridge: 18 ft. span reinforced concrete arch, over Quarry Run, near James Richardson's, in Licking Twp.

Davidson Bridge: 15 ft. span reinforced concrete arch, over a branch of Lake Fork near Albert Davidson's, in Washington Twp.

McFadden Bridge: Removing and replacing iron bridge, and constructing two abutments on "Clear Fork," one-half mile south of Highwater, in McKean Twp.

Alfred Wells Bridge: Supporting iron bridge and constructing one abutment on Beaver Run, near Alfred Wells' in Union Twp.

Plans and specifications are on file, and may be seen at the office of the County Auditor and County Surveyor during business hours of each day.

Contractors may submit plans other than those on file and they will be considered, but the plan will be considered with a live load capacity of less than 175 lbs. per square foot, and in accordance with Section 2335 of General Code of Ohio. Bids on submitted plans must state price of piling per lineal foot, concrete and excavation per cubic yard and steel per lb. for any increase or decrease that may be deemed necessary to the plans of bidders after construction of work begins.

A certified check or deposit for 10 per cent of the amount bid must accompany each proposal, as a guarantee that the bidder will enter into a contract and furnish bond within five days after the awarding of the contract.

Blank forms upon which bids must be made will be furnished upon application to the County Surveyor.

The right is reserved to reject any or all bids.

AMUSEMENTS

Last Night's Show.

The Mae La Porte Stock company opened an engagement at the Auditorium theatre, extending over a period of nine days. The opening bill was "Just Plain Mary," a drama of "from the farm to the temptations of city life type," offering not much of interest, neither demanding much in the way of ability from the company, still they exhausted it every possibility with probably one exception.

Miss La Porte is a petite little woman and intelligently portrayed the title role of "Just Plain Mary." She was well supported by the company and it is probable the company will make many friends while in the city. The offering tonight is "Dorothy Vernon of Hadden Hall."

The Orpheum.

Manager Bassett of the Orpheum is presenting a bill for the last half of the week that is more than pleasing, and one which should attract capacity houses.

The program is a mixed one of unusual merit, every act being a top notcher. Several of the acts are fresh from the big time and Mr. Murray, lessee of the Orpheum, has spared no expense in procuring them for the theatres under his control.

Schreck and DeArville open with an acrobatic and character impersonation act that is clever and refined throughout. The male member of the team is an athlete of exceptional ability, and Miss DeArville excited the admiration of her auditors by her gracefulness in her difficult impersonations, that of the court jester being especially pleasing.

Billy Windorn as the black nurse girl was the mirth provoker that excited the risibility of every one. As he faced the audience to monologize, his make up alone would have provoked the mirth of the most chronic dyspeptic. As a laugh provoker he stands in a class by himself.

Powers and Paulina have a novelty ventriloquist act that furnishes many surprises and it should be seen to be appreciated. They carry special scenery with all the necessary accessories and appliances which are seldom found outside of the large attractions.

Dunbar & Turner in graceful singing, dancing and travesty, work certainly made a hit. This team is one of the highest priced which has ever appeared on Orpheum time. They are also undoubtedly the best clog dancers ever seen in Newark. Their act alone is more than worth the price of admission.

All in all the bill is one of the best seen at the Orpheum for some time, and lovers of vaudeville should take advantage of the offering and witness it before the engagement closes.

The Orpheum's picture is a patriotic one and receives much favorable comment.

Miss Harriet Roy of the Holophone company is confined to her home today on account of illness.

A POPULAR ERROR

THAT RHEUMATISM IS DUE TO COLD, WET WEATHER.

The Trouble is Rooted in the Blood and Must Be Fought There, Not on the Surface.

Many people believe that the twinges and tortures of rheumatism are due to cold, damp, or wet weather, and treat themselves by rubbing with liniments. This is a serious mistake, and one which allows the disease to progress to such an extent that it is often difficult to get it out of the system. Rheumatism is a disease of the blood and can be cured only by driving the rheumatic poison out of the blood. There is no medicine that will do this so speedily and surely as Dr. Williams' Pink Pills. They actually make the new, rich, red blood, which drives out the poison, builds up the system, and makes the sufferer well and strong.

Miss Mary L. Stanley, whose address is R. F. D. No. 4, Batavia, N. Y., tried various treatments for muscular rheumatism but without relief until she took Dr. Williams' Pink Pills. She says:

"I suffered from inflammatory rheumatism for over a year and when it first came on I paid but little attention to it, as I thought the occasional numb feeling was due to my knitting so much. In the winter I took cold and the pains became rapidly worse. They were entirely in my arms and shoulders and were so bad at night that I could neither sleep nor rest. Whenever I tried to raise my arm it hurt so that I could not move it far from my body and my hand would tremble as though I had palsy. My fingers were so swollen and stiff at the joints that I could not close them. Our doctor treated me for about four weeks, with poultices and blisters over the shoulders, but I felt no relief and gave him up for Dr. Williams' Pink Pills. Very soon I felt better and after taking a few boxes was entirely cured. Since that time I have never had the slightest return of the rheumatism."

Dr. Williams' Pink Pills are also very highly recommended for anemia, after-effects of the grip, stomach trouble and all general run-down conditions because of their power to make new, rich blood.

If you are interested in the remedy that cured Miss Stanley, write today for a copy of the new edition of our book on "Diseases of the Blood." It contains information that may save you money and suffering. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children that is of Mrs. N. H. Moad of Freeport, Kans., without sickness in the house now and then is rare, and so it is important that the head of the household know what to do in the little emergencies that arise. A child with a serious ailment needs a doctor. It is true, but in the majority of instances, no any doctor knows, the child suffers from some intestinal trouble, usually constipation.

There is no sense in giving it a pill or a remedy containing an irritant, nor is pushing of the bowels to be always recommended. Rather give it a small dose of a mild, gentle laxative, such as Dr. Caldwell's Syrup Pepsin, which, by cleaning out the bowels and strengthening the little stomach muscles, will immediately correct the trouble.

This is not alone our opinion but that of

PREDICTION OF AGED SEER IS VERIFIED

Collection May 5. The prediction of a Gypsy fortune teller, that a fire starting on an enemy would destroy his property, caused A. J. Beatty of Wallingford, this county some amusement a few days ago. Now he does not feel so much amused. At midnight Wednesday night a large fire destroyed his general store, entailing a loss of \$12,000 with insurance on building and contents of only \$2,200. An investigation will be made.

A week ago a band of gypsies established their camp near the black works at Wallingford. During their stay several citizens who passed that way took occasion to stop and talk with them, and not a few crossed the palm of the aged seer with coin and smilingly listened to her predictions of wealth or woe. One of those who smiled was A. J. Beatty. The old Gypsy, bent and wrinkled, crooned over the outstretched palm of Beatty, telling him many truths about his business, home affairs and a few trifles besides. Finally she frowned, looked up and then hesitated. Beatty told her to go on. Again she hesitated, then finally with a shrug of her shoulders, she said slowly:

"You have an enemy. It seems that this enemy is determined to work you evil. Beware, for I see a great fire coming to you. This enemy of yours is going to destroy your property by fire. Beware, good man!"

The interview ended. Beatty left with a smile on his lips. He had almost forgotten the incident of the seer until he was awakened with a start in the middle of the night and informed that his store was in flames. He now believes.

HOW LADIES IMPROVE LOOKS!

"Many ladies, old and young, suffer a round of rashes with their nerves, and many are so frail, thin and bloodless, that their splendid features are lost sight of, while a vain attempt to conceal the angularity of the figure decides no one but themselves and really excites the pity or ridicule of the world," said a well known, largely employed practicing physician, in a recent lecture at a young ladies' college. "I do not mind exposing a little secret of mine to all such, as it can do no harm and may result in more happiness and health. It is simply this: Any thin, bloodless, nerve-tortured man or woman, can become as firm as the statue by taking regularly for several months an easily obtained pharmaceutical product known by the profession and pharmacists as 'three-grain hypo-nuclease tablets,' put up in sealed packages with directions for home use."

ELECTED TO MEMBERSHIP IN PHI BETA KAPPA

Granville, O., May 5.—The recent installation of the Chapter of Phi Beta Kappa at Denison on January 18, is regarded as one of the foremost events of college life during the current year. Owing to the enforced absence of President Hunt, the chapter remained quiescent during the next two months. But since his return several meetings have been held and rapid progress has been made in completing the organization. One of the first matters taken up was the elec-

tion of officers. Dr. Hunt was chosen by common impulse for the presidency, in recognition of his services in securing the establishment of the society here; Dr. R. S. Colwell was elected vice president, and W. A. Chamberlain the secretary-treasurer. On the same evening two members of the faculty, Professors C. E. Goodell and Anna B. Peckham were elected to membership. This increased the number of resident members to nine.

The annual election to membership from the Senior and Junior classes has just been held.

The following seniors, standing highest in scholarship respectively of the men and women, were chosen to membership: Joseph Hayes Cory; Newton Hanscomb; Carman, Ellsworth; Boutelle Lowe; Adolbert Beard Conley; Karl Henry Eschmann; Hugh Clarence Gillespie; Homer Denison Holler; Leslie Bates Jones; Misses Lily Bell Sefton; Irma Marie Sargent; Rachel Bernice Jones; Letha Christina Tannehill; Clara Daniels; and Mildred.

On the same basis Juniors were elected as follows: Frederick Milton Derwacter; Karl Wm. Frash; Manly Harrison Shipley; Miss Florence Edna Wilson; Miss Julia Sarah Moore.

The choice of alumni, whose scholarship in college would have entitled them to election in Phi Beta Kappa, if the society had been established at Denison in their time, is progressing.

ATTENTION, G. A. R.
 There will be a regular closed meeting of Lemert Post Sunday at 2 o'clock, at which time, along with other important business, the comrades will elect where they will attend Memorial Services on the Sunday next before Decoration Day. COMMUNICATED

Jersey City, April 29.
 Editor Newark Daily Advocate: Following article may be of interest to readers of your valuable paper:

The 135th session of the New Jersey State Legislature which adjourned at 3 o'clock a. m., April 22d was most remarkable in its accomplishments.

New Jersey now ranks first among the states of the union on matters of progressive legislation.

The four most important measures passed are:

The Goran Election Reform bill; Shimon-Prince Current Practices bill; Walsh Commission Government bill, with Initiative, Referendum and Recall; Edge Employers Liability bill.

With the enactment of these laws, there is now a general awakening of public interest in politics and affairs of government.

Let the citizens of Newark get on the job on matter of Commission Government. Cities or towns throughout the United States that have tried this form of municipal government would never go back to the old plan. I can mention Des Moines, Iowa, Galveston, Texas, Houston, Texas, Haverhill, Mass., Colorado Springs, Colo., Berkeley, Calif., Tacoma, Wash., Pittsburg, Kans.

Let us continue the precious heritage handed down by our forefathers, who were at times discouraged, but who persevered until success crowned their efforts. There were cynical men in the days of 1776, and there are cynical men today, but the others were inspired by holy elevating thoughts and they died on the altar of patriotism to insure their children free government and liberty.

Let's interest ourselves for our generations to come as our forefathers did for us. Very truly,
 JOHN W. KNEPPER.

Five thousand orange farmers in California do their own packing, shipping and selling. They grade and select their crop into "firsts," "seconds," etc. The firsts are fancy, tree-ripened, hand-picked, seedless, fibreless, thin-skinned oranges—every individual orange a perfect specimen of the finest variety of oranges. They are not only more healthful and more palatable than other oranges, but they are actually cheaper, for they are nearly all meat and nourishment. Your dealer sells "Sunkist" Oranges. Ask for them. You will know them by the tissue paper wrapper in which each "Sunkist" Orange is packed. On the wrapper note the label, "Sunkist." Keep all the wrappers. They are worth money to you.

Best California Lemons Come in "Sunkist" Wrappers

You can judge lemons by the "clothes" they wear. If they wear "Sunkist" wrappers they are juicy and good, for they are not thick-skinned or puffy. They are just as fine as "Sunkist" Oranges, and their wrappers are equally valuable.

S.S.S. REMOVES THE CAUSE AND CURES CATARRH

Catarrh usually begins with irritated, inflamed membranes of the head, nose and throat, from which there is a constant and copious discharge of watery matter. This comes from inflammation of these mucous surfaces and is caused by catarrhal matters and impurities in the circulation. Nature intends that these membranes shall be nourished by the blood, but waste matters and impurities deposited into these delicate parts, sets up inflammation and the discharge is a natural result. When this secretion begins to dry it becomes thick and sticky, adhering to the back portion of the mouth and throat, causing the "hawking" and straining so troublesome to catarrh sufferers.

I suffered for a long time with a bad case of Catarrh. I had a constant headache, my cheeks grew purple, my nose was always stopped up, my breath had a sickening and disgusting odor and I coughed incessantly. I heard of your S. S. S. and commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease.

MRS. MARY L. WESSERMAN.
4449 Vista Ave., St. Louis, Mo.

I had all the symptoms that accompany Catarrh, such as mucus dropping in the throat, and constant desire to hawk and spit, feeling of dryness in the throat, cough and spitting up on arising in the morning, etc. I had thus suffered for five years. I commenced to take S. S. S., and after I had taken three large bottles, I noticed a change for the better. Thus encouraged, I continued to take it, and in a short while was entirely cured. JUDSON A. (By L. O. Harshman.)

Springfield, May 5.—In a ten-inning pitchers' battle the Harvesters defeated the Molders yesterday afternoon at Washington park by the score of 1 to 0, but up until that time it was a toss up as to which side would win. It all happened thusly: Connell was the first man up and he waited on four wide ones and walked to the initial sack. Boehler sacrificed him to second and then Nally came up and drove a liner over second base to Wiley. The pill took a bad bound and hit the center gardener in the mouth, while Connell crossed the plate with the run that loomed up big as a mountain and defeated the Molders.

There was only a small turnout of the loyal fans but they were treated to some high-class base ball, both teams working their heads off to get a runner over the bag without success and as the game wore on the fans became excited and rooters' row started the big noise in the tenth that did not cease until Connell was across home plate and then they fled from the park well satisfied with the afternoon's sport.

As was said previously it was a battle royal between Longmore for the Molders and Boehler for the Harvesters, both of the speed artists doing excellent work. Not taking any of the credit away from Boehler for his work it must however be admitted that Longmore had a little the better of the argument, and in the seventh Connell planted one between first and second base for the first thing that looked any ways like a hit and in the last Nally singled to center. That was all there was doing in the clubbing line for the Harvesters.

Longmore, however, was wild at times and to this can be attributed the loss of the game, as his walk of Connell in the tenth cost the game. But the left hander had class and made seven of the mighty Harvesters fan the air. He poked two of the locals with the ball and to retaliate Boehler did likewise. The local lad got out of several bad holes, when anything like a wobble would have meant a run.

The Harvesters did not get runners on base very often and when they did it was with difficulty that they made their way farther than second base only one runner reaching third in safety except in the tenth when Connell went from second to home. Nally landed on the last stop in the first inning when he was walked, took second on a sacrifice and went to third on O'Day's out from Longmore to Walker. Only three Harvesters reached second base in safety, but the necessary hit was always lacking.

Boehler kept the hits well scattered and kept pegging away at times when it looked as though the Molders would score and even the blanchettes were kept on uneasy street. Four Molders advanced runners to Connell's station but in every case they were left at the last stopping place as there was nothing doing that might bring them home.

In the third inning Blue, the first man up, smacked the ball to left field fence for two bases and Boehler then fanned Longmore. Baggan hit to short left and Kendell coming in scooped up the pill and held Blue at third base. On the next one pitched Baggan went to second and Manager Newham grounded to Keene, who tagged the manager on top of the head, as he thought he would get by when he took a quick dodge. Rodolph ended the uneasiness by grounding to Nally who threw to Keene.

The fans heaved a sigh of relief when the Molders were out in the fourth for if they ever looked dangerous it was in this one spasm. Wiley took one in the ribs and Harold sacrificed him to second going out from Koehler to Keene. Prysock dropped the ball in front of the plate and was out by the McKee-Keene route. With two down Walker stopped a hot one with his arm, atomy and went to first. Blue was up and not taking any chances Boehler proceeded to walk him to first, filling all the corners. Then he got busy and struck out Longmore.

In the eighth Newham reached first when Foley threw high to Keene, pulling him off the bag. Rodolph sacrificed him and he took third on Wiley's out, but could not get in. The fans went wild as they saw the game being lengthened into the tenth inning and after the visitors had been mowed down in one, two three order the trouble began. Amid the cheers of the bugs Con-

nell was given a gift of first base as Longmore could not get them over. Then Boehler came in handy with his timely sacrifice and Nally hit to center, ending the game. The score:

OLD RELIABLE PIANO HOUSE OF A. L. RAWLINGS

At No. 4 North Park Place, Newark, O., is where you should purchase your piano, as he handles only the very best, such as KNABE Bros-Co. (which will be ready for the market in six months), Smith & Nixon and the RAWLINGS. No better pianos were ever put on the market. Besides these he handles other makes which can be sold as low as \$110, but of course they are not first class goods. There is more satisfaction dealing with an old reliable house than one who comes and goes, and has no backing. So many people come and say that they have been mistreated, by so and so. What else can you expect when they are not responsible? Whenever a person must resort to fake advertising, you can rest assured that something is wrong. If you come to this store you can buy on accommodating terms, and I will guarantee to please you in every way.

I am now offering some good bargains in used pianos. It will pay you to come and investigate.

Regal Shoes at Cost Plus 5 per Cent.

An Earthquake for the Trade, but a Benefit to the Public

Regal Prices Are Now \$3.35 to \$5.85

NOBODY OUTSIDE the shoe trade can realize what a jolt that trade received when the Regal Shoe Company announced its new pricing-policy.

"HENCEFORTH," said the Regal Shoe Co., "all the shoes we make will be priced at COST OF MANUFACTURE AND SELLING, PLUS FIVE PER CENT. COMMISSION, no matter whether that price figures out in odd or even money, and without regard to the 50c jumps between prices, heretofore arbitrarily fixed in the shoe business."

IT WAS NOT the five per cent. that gave the jolt. The Regal Shoe Co. has always done business on a five per cent. profit and every manufacturer knew it. It was the abandonment of the "even price" that caused the stir.

THAT "EVEN-PRICE" policy has been the darling superstition of the shoe trade for twenty years or more. Standard shoes had been sold for so long at \$3.50, \$4.00, \$4.50, \$5.00 and so on, that dealers thought no other prices were possible.

"BARGAIN" SHOES—nameless products shoveled out by shoe "departments"—might be sold at odd prices. But standard makes—oh, never!

IT WAS ARGUED seriously by expert shoe-salesmen that men and women who wanted shoes of name and character would rather pay even prices. That is, they argued that a man would rather pay \$5.00 than \$4.85, whether or not he got anything worth having for that extra 15c.

AND SO, WHEN a designer produced a new shoe that could be sold for profit and all at \$4.85, the manufacturers were up against an embarrassing situation.

THEY COULD DO any one of three things—and some one of these three things they all did:

THEY COULD LET that \$4.85 shoe stand as it was and ask \$5.00 for it, getting an extra 15c profit, if Regal competition would allow it,—or

THEY COULD ADD 15c worth of unnecessary expense to the shoe, bringing its price up to \$5.00

OR, THEY COULD SKIN 35c worth OUT of the shoe, bringing its price down to the next even figure—\$4.50, but spoiling the shoe's quality-balance.

BUT AS FOR DOING the obvious and proper thing—selling that \$4.85 shoe for \$4.85—why that was not to be thought of!

SEEMS RIDICULOUS, doesn't it? But all superstitions seem ridiculous after you have exploded them. And the Regal has exploded this one.

HEREAFTER, Regal Shoes will be built just as the Regal style-builders plan them. They know their business, and they know their public.

IF THEY SAY "This shoe is right as it stands—the best shoe that can be devised and built for its particular want and purpose"—why that shoe is going to the public just as it is, unaltered by a foolish custom.

THE DESIGNERS will not be required to add anything unnecessary to it, nor to take anything out of it, to bring its price up to or down to any set figure.

THE MANUFACTURING COST of that shoe will be figured carefully; five per cent. will be added and a further allowance covering the actual cost of selling that shoe to the customer, and the resulting sum will be the price of that particular shoe, whether it is \$3.35, or \$3.50, or \$4.85, or whatever it is.

THE PRICE WILL BE STAMPED ON THE SHOE AT THE FACTORY and certified public accountants will verify the prices and also verify the fact that only five per cent. commission is added.

YOU GAIN MORE than the dimes you save by the odd prices. You gain also by better balanced quality and by the fact that you pay only for what you want.

REGAL Style-Builders now have a free hand. They simply get out the BEST SHOE THAT THEY CAN DEVISE for a certain purpose at about a certain price. You pay for exactly what you get, plus the fair 5 per cent. You are taxed nothing for useless additions.

ORDERED TO REPORT ON THE GRAEF CASE

After the question of the disposition of Juror George Adrian had been settled in Judge Nicholas' court Friday morning, Assistant Prosecutor Miller addressed the court regarding the case of Frank Graef, under indictment for first degree murder in connection with the lynching. Mr. Miller stated that the sheriff understood that Graef had sufficiently recovered from his recent operation for the removal of his leg, that he could be removed again to the jail. The assistant prosecutor stated that the sheriff did not wish to take the initiative in the matter and that it was his desire to have some order from the court to guide him in his action. Mr. Miller suggested that two reputable physicians be sent to examine Graef as to his condition and report to the court.

Judge Nicholas was informed that Dr. D. M. Smith was the defendant's physician and the court instructed Attorney J. R. Fitzgibbon, Mr. Graef's counsel, to have Dr. Smith appear in court as soon after 9 o'clock Monday morning as was convenient, to report as to Mr. Graef's condition. Mr. Fitzgibbon agreed to this and at that time the court will pass upon the advisa-

bility of removing the man from the sanitarium where he has been confined several weeks.

BUTTER-KRUST

A NEW HAVEN CHILD

Restored to Health by Vinol—Case
Interests Many Parents.

"My little daughter ever since her birth had been frail and sickly, and was a constant source of worryment. Several months ago I secured a bottle of Vinol and commenced to give it to her. I immediately noted an improvement in her health and appearance. I gave her three bottles of Vinol, and from the good it has done her I can truly say it will do all you claim, and I want to recommend Vinol to any one who desires to build up a weakened, run-down system."—J. Edmund Miller, New Haven, Conn. (We guarantee this testimonial to be genuine.)

This child's recovery was due to the combined action of the medicinal elements of the cods' livers—aided by the blood-making and strength creating properties of tonic iron, which are contained in Vinol—and the strongest evidence that Vinol will build up and strengthen delicate children, old people, and the weak, run-down and debilitated, is our willingness to return the purchase money in every case where it fails to give complete satisfaction. F. D. Hall, druggist.

YOUNG BUFFALO WILD WEST SHOW

When the English residents of East Africa heard that the Buffalo Jones Exploration party was coming to Africa to lasso lions and other house pets such as rhinoceroses, they laughed with glee, but when the American cowboys returned from the interior with a full grown lioness they pipped another tune.

Chief of these cowboys with his outfit was Ambrose Means, a devil-may-care sort of chap, who was absolutely fearless to any and all danger. It was he who cast the first rope that caught the first lion ever lassoed. When the Young Buffalo Wild West shows in Newark on Thursday, May 18 for two shows, Ambrose Means will appear in the arena and duplicate some of his past feats.

He was a feature of the Sportsmen's Show at Madison Square Garden in New York this winter and will positively appear with the above mentioned show.

Souvenirs This Evening.
"Dorothy Vernon of Hadden Hall" will be presented this evening for the first time in Newark. Every lady attending the performance at the Auditorium theatre will be presented with a souvenir bottle of Dorothy Vernon perfume, which is named after the play on account of its popularity.

Progressive Legislation Is Promising

Columbus, May 5.—The reports of the standing committees of the house of representatives yesterday disclosed a marvelous tendency toward progressive legislation. There was reported for passage the Price-Hoan bill, providing for the commission form of government for the cities of the state, and a bill by the same author establishing a state civil service department. There was also reported the Cowan bill, which requires the making up of a budget by the state auditor in each December previous to the assembling of the legislature for the use of that body. All departments and all persons seeking appropriations are required to file the same after the close of the fiscal year on November 15.

The Young bill, providing that the price charged for text books in the common schools shall not exceed the maximum price charged for the same books throughout the United States, which has passed the senate, was reported for passage by the committee on common schools. There is also a proviso that the price shall not exceed 60% of the listed wholesale price issued by the manufacturers. The McDonald senate bill, which provides stringent regulations for those about to enter the married state, was reported to the calendar without recommendation.

Have Beautiful Hair.

Soap and water is used too frequently will spoil any head of hair. The best hair treatment is a dry shampoo made as follows: Get six ounces of pulverized orris root and two ounces of talc powder. Mix thoroughly and keep in a tight box or jar. At night apply a heaping tablespoonful to the hair; distribute with the fingers all through the hair to the scalp. Next day comb and brush until all trace is removed and as a result any man or woman will have beautiful fluffy hair. This removes dirt, surplus oil, dandruff, etc. It is the best thing ever devised for excessively "greasy" hair. Many easterners now use it regularly. Men use it daily and ladies once to three times a week.
